TRAINER 60012

Durable Safety Shoe

RECOMMENDED ENVIRONMENT:

This shoe has been engineered to provide the wearer with protection in an array of harsh conditions. This shoe has found popularity amongst workers who demand comfort and durability without compromising on aesthetics.

MATERIALS:

Upper:

- Cut from 2.0mm - 2.2mm Full Grain Print Water Buffalo Hides
- Padded tongue is from the same soft leather
- The padded collar is from a soft 20mm open cell foam
- 3 pair D-Ring lace-up and hooks with corrosion-resistant gunmetal coating
- Braided lace from polyester yarn and central core for additional strength

Lining:

- The quarter lining is from an industrial ferrabelle non-woven material
- The vamp lining is from a hi-tech needle-fibre blend with excellent perspiration absorbency and treated with *Ultra-Fresh to impart hygienic and anti-bacterial properties to the material
- The in-sock is from an anti-static non-woven material
- The Energiser top sock is from a combination of polyester and wool, with excellent perspiration absorbency
- The top sock has been treated with *Ultra-Fresh to impart hygienic and anti-bacterial properties to the material

Sole:

- The sole is from Double Density PU/PU
- The midsole is from a low density flexible Polyurethane with a shore hardness of 0.45mm - 0.5mm
- The outer sole is from Polyurethane with a shore hardness of 0.64mm - 0.65mm
- A shank reinforcement is molded into the midsole for additional arch support
- The shoe can withstand temperatures up to 95°C
- The shoe is anti-static

In-Sock & Top-Sock:

Toe Cap:

- Steel toe cap
- Can withstand an impact load of 200 joules

The Trainer shoe has been tested to comply with SANS/ISO 20345 specifications and carries the SANS/ISO 20345 certified mark.

This product is manufactured at Beier Safety Footwear, a division of BBF Safety Group (Pty) Ltd, which is an ISO 9001:2000 accredited factory.
