DENIM CONTI SUIT

Tool Pocket

DW-DENIM

Description

Dromex® DW-DENIM CONTI suit is a 100% cotton, heavy duty and durable industrial denim pants and jacket attire, designed to protect the user from abrasion when working in environments exposed to mechanical hazards.

The DW-DENIM-CONTI garment construction and user fit conforms to SANS 434 standards.

This attire consists of the following:

Jacket features:

- Collared jacket with internal hanger loop.
- Concealed metal YKK zip closure.
- 2 Curved waist pockets with mitred flaps and concealed metal press stud closures.
- Curved left breast pocket with a Dromex® sidewinder, mitred flap and concealed metal press stud closure.
- Side slits for comfortable fit over waist.
- Seams with triple needle top stitching.
- Core spun thread that is double stitched for durability on the inlegs, pocket opening, zip front, back yoke and the back rise.

Pants features

- All seams with triple needle top stitching for durability.
- A concealed brass zip with metal nickel button closure at waist.
- Two front swing pockets and a rear mitred back pocket with mitred flap, Dromex® sidewinder and metal press stud closure.
- A tool pocket on the back right leg.
- Inner elasticated waist for optimum fit and flexibility with 7 belt loops.

The cotton natural fibre construction makes this garment comfortable and breathable.

This garment is suitable for use in general work environments such as warehouses, construction, corporate and promotional work.

Special Instructions

None of the materials or processes used in the manufacture of these products are known to be harmful to the wearer. The manufacturer has examined under the system for ensuring quality of production by means of monitoring and inspection. These denim jeans are designed to accommodate the basic safety requirements and standards for Personal Protective Equipment. The information contained herein is intended to assist the wearer in the selection of personal protective equipment. Actual conditions of use cannot be directly simulated in a test environment therefore it is the responsibility of the end user and not the manufacturer or supplier to determine the gloves suitability for the intended use. Keep clear of open flames.

All denim jeans be should be thoroughly inspected before use to ensure no damage is present.

Compliance & Conformity

Cleaning & Maintenance

The following suggestions will help keep your garment safe and neat:

Denim garments can be cleaned by home cleaning or commercial laundering provided all the recommended conditions and settings are adhered to.

Should home procedures not remove contaminants, then dry cleaning is recommended.

Our recommended cleaning for these garments is as follows:

- Pre-treat greasy stains and wash the garment in warm water with a light cleaning solvent.
- Do not use Hypochlorite bleach or detergents containing Hypochlorite bleach as fading may occur.
- Do not tumble dry.
- Do not hang in sunlight as fading may occur.
- When using commercial laundry aids, be sure to read and carefully follow the manufacturer's instructions.
